The reply filed on 29 December 2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

The amendment represents a shift to another, non-elected invention (MPEP § 819). The subject matter added to the claims by this amendment is drawn to an invention that was non-elected in the election without traverse on 29 July 2004. Any amendment presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because they include subject matter directed to receiving and processing rules controlling access to, or use of, the content, drawn to the non-elected invention of Group II (See Restriction Requirement of 11 September 2003 and Confirmation of Election Without Traverse on 29 July 2004). See 37 CFR 1.111.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
